### QUALIFICATION SUMMARY

Highly motivated Frontend Developer with 2+ years of experience building user-centric interfaces for B2B SaaS products. Skilled in HTML, CSS (preprocessors and frameworks), JavaScript, and Angular. Possesses a strong design background from the University of Brighton's User Experience Design program. Proven ability to collaborate with design and development teams with a passion for translating design concepts into functional and engaging interfaces.

### KEY SKILLS

**Front End Development:** - HTML, CSS, SASS, Bootstrap, JavaScript, jQuery, Typescript, Angular 11+.

**UX Design:** - User Research, Wireframing, Prototyping, Usability testing, Figma, Sketch, Adobe XD.

**Back End & DB:** - C#, ASP.Net, MySQL.

**Version Control and Build Tools:** - Git, Webpack, Gulp, Angular CLI.

### PROFESSIONAL EXPERIENCE

#### Application Development Associate

Nov 2020 – Aug 2022

Accenture Solutions Pvt Ltd

Bengaluru, India

Developed and maintained user interfaces for B2B SaaS applications specializing in industry automation, focusing on intuitive design, responsive layouts, data visualization using d3.js and integrating back-end APIs. Consistently optimized website architecture and stayed abreast of new emerging technologies ensured timely delivery of projects.

- **Engaging Dashboard:** - Designed intuitive and responsive user interface for interactive D3.js asset dashboard, boosting user engagement by 25% & enabling 20% faster data analysis.
- **Seamless Integration:** - Spear headed front end code changes for 3 core modules and partnered with back-end developers to integrate with updated API endpoints post data base schema change.
- **Collaborative Workflow:** - Collaborated with design & dev teams for a user-friendly asset dashboard with real-time data and complex visualizations implementing the UI/UX designs into pixel perfect interfaces across browsers.
- **Minimized Downtime:** - Partnered with QA to diagnose and resolve front-end bugs and performance issues, ensuring efficient resolution and exceeding user expectations.
- **Continuous Learning & Improvement:** - Stayed up to date with industry trends, leveraged emerging technologies and endorsing their usage whenever necessary.

### CAREER HIGHLIGHT

- **Versatile skill set & Transition:** - Successfully transitioned from a C# backend focus to becoming a full-stack Angular developer, showcasing agility and a passionate approach.
- **Recognized Project Mastery:** - Mastered project ownership, administered user stories, facilitated API integration, and excelled in 3D rendering, earning two consecutive "Employee of the Month" recognitions.

## EDUCATION

---

### MSc UX Designing

University of Brighton

Sep 2023

Brighton, UK

### Bachelor of Engineering

PES College of Engineering

April 2020

Mandya, IN

## PROJECTS

---

### Plan It

- Designed and developed an itinerary planner based on user research and competitor analysis, resulting in a user friendly and efficient workflow.
- Integrated the Travel Advisor API to dynamically display real time travel data based on user input.
- Developed a responsive and pixel-perfect UI using Angular 16, SASS, and Bootstrap.
- Repository Link: - <https://github.com/Kikkeri-UI/planIt>

### FinEase

- Designed a mobile application to promote financial literacy among Indian Gen Z and millennial users, adhering to UI/UX best practices and design standards.
- Crafted learning challenges, SIP goal setting, and engaging videos tailored to user preferences and learning styles. Informed by user research, demonstrated understanding of user behaviour for highly engaging experiences.
- Figma Link: - [FinEase](#)

### Salt N Peppa landing page

- Crafted a captivating, responsive landing page for Salt N Peppa, reflecting their brand and driving engagement.
- Structured clear information and intuitive navigation for easy access to key details.
- Developed a performant and accessible landing page using HTML, CSS, and JavaScript, prioritizing user experience.
- Enhanced brand communication and user engagement through strategic design elements and calls to action.
- Live Website: - <https://tinyurl.com/5xk7re3p>

### Urban Crust

- Designed and developed a seamless, user-friendly online pizza ordering journey, leading to increased customer satisfaction and conversion rates.
- Implemented a pixel-perfect responsive strategy using CSS media queries, ensuring consistent accessibility and usability for all users.
